Procedures for making a claim:

- 1) Check to make sure you purchased or received a 1 Year Home Warranty with your home purchase. If you received one, utilize that warranty for claims on failures on systems or components. Your 1 Year Home Warranty is different from this "Professional Services Warranty" and must be utilized first for any items that have failed after you move into your home. You must file any home warranty claims first before filing a claim on this warranty.
- 2) The Client must notify All Points Inspection Service of the issue by email. The Client must write a detailed account documenting the issue they are making a claim about, including specific identification of any nonconforming Professional Services. The account should include any photographic evidence of the alleged nonconforming Professional Services, any reports or other documents prepared by a third-party and delivered to the Client that addresses the system or component involved in the alleged nonconforming Professional Services. Client's name, phone number where the Client can be reached, the Client's complete address, and a copy of the home inspection report prepared for you by the Company must be included. This email must be received by All Points Inspection Service Inc. prior to the expiration of the Warranty Period.
